MISSION

The Department of Veterans Affairs was originally created in 1927, as the State Service Bureau, by an Act of the General Assembly of the State of South Carolina for the purpose "of assisting all ex-servicemen, regardless of the wars in which their service may have been rendered, in filing, presenting and prosecuting to final determination all claims which they have for money compensation, hospitalization, training and insurance benefits under the terms of federal legislation relative thereto."

The original Act was amended in 1945 by providing for a County Service Officer (now County Veterans Affairs Officer) in each of the forty-six counties in the state and restating the purpose, as amended, "to ensure stabilization and coordination of the service work for and in behalf of the war veterans and ex-servicemen and women of South Carolina, in order that they may be guaranteed the maximum benefits granted by laws enacted by the National Congress."

These services are extended to eligible dependents, including parents, widows, children and orphans of war veterans and ex-servicemen and women.

There are approximately 328,000 living veterans in South Carolina as of June 30, 1978, and as our veterans become older, more and more of them become eligible for increased service connected disability payments or non-service pension payments. Also, the death of a veteran usually results in a claim being filed by his survivor, or survivors. Our ranks are additionally being swelled by our newly discharged veterans and retirees of the Regular Service.

It is impossible for our claims personnel to know everything about all of the benefits that may be available to veterans, their dependents, beneficiaries, widows and orphans, but we must be able to know where to find the answers. Periodic meetings sponsored by this Agency are held with our County Veterans Affairs Officers each year to keep them abreast of the changing laws and benefits available. These meetings are instructed by the personnel in this Agency and by technicians and officials from the Veterans Administration in Columbia and Washington.

The necessity for personal assistance to veterans in filing and pursuing claims and a continuing information program results from the legal principle that no veterans' benefits are awarded automatically — All Must Be Applied For. The Veterans Administration is not a "hand-out" agency as all claims allowed must be

justified; hence, skill and knowledge in service work comes into being when we know what evidence is needed to bring about the favorable decision.

We believe that our record in serving South Carolina veterans, their dependents and survivors is equal to any in the United States. The Veterans Administration does have authority to resolve benefit of reasonable doubt, based on all available evidence, in adjudicating cases and we are, therefore, able to have many "close" cases allowed on that basis.

FUNCTIONS

The primary function of this Department, and the majority of our time is spent, in working with and supervising our forty-six County Veterans Affairs Officers in helping them with individual cases in their respective counties.

Other major functions performed by the Department of Veterans Affairs in accordance with the law are as follows:

1. Assist veterans, their families and survivors in initiating, filing and prosecuting claims.
2. Represent veterans before the VA Rating Boards and the Board of Appeals.
3. Publish timely informational bulletins on technical rules and regulations relating to veterans' benefits.
4. Assist and cooperate with all veterans organizations in their work.
5. Conduct Veterans Affairs Officers Schools to instruct in veterans benefits.
6. Maintain complete files on all veterans whom we assist.
7. Assist similar agencies in other states in securing evidence needed in the development of claims.
8. Assist veterans insofar as possible in securing Social Security, Welfare, and related benefits.
9. Assist survivors and morticians in securing burial benefits.
10. Assist all public officials in aiding constituents on veterans affairs.

11. Assist legislators and others in appropriate veterans legislation.
12. Perform a humanitarian service in counseling disabled veterans, veterans' widows, dependent parents and orphans in complete realization of veterans benefits as they best apply in individual cases.
13. Assist veterans in filing applications for review of discharges and in obtaining disability retirement or an increase in disability retirement.
14. Assist in having veterans admitted to the VA Hospitals in Columbia, Charleston, Augusta and other adjacent areas.

A great amount of time is spent by our office personnel in reviewing records at the VA Regional Office, and that work must be done carefully and meticulously, since all of the facts must be known in each case that we handle if we are to expect to receive a favorable decision. We have hearings each day before the VA Rating Boards and much time is consumed in personal interviews, in counseling and in letter writing.

Claimants must be advised through their County Veterans Affairs Officers, or directly, of what can be done, if anything, and what evidence is necessary to establish a VA claim for monetary benefits. Such work is highly technical and a thorough knowledge of VA regulations and applicable legislation is absolutely essential.

In addition to representing claimants and supervising the work of forty-six County Veterans Affairs Officers in connection with VA compensation and pension claims, which is our principle work, we must have knowledge of the many other facets of veterans benefits such as GI training, GI insurance, VA hospitalization, Civil Service Preference, military hospital treatment, PX privileges, the different types of military retirement pay, War Orphans training, outpatient treatment, reimbursement of unauthorized medical expenses, dental treatment, burial in national and VA cemeteries, and a knowledge of South Carolina State legislation as it affects veterans.

The demands for our services come not only from County Veterans Affairs Officers, but by request directly from veterans themselves throughout the state, their dependents and survivors, plus requests from elected public officials in behalf of their constituents.

We also find it necessary to deal constantly with other federal agencies, both locally and in Washington, and at other important

government installations over the country. Many contacts by correspondence and telephone with other state agencies are made at frequent intervals. This activity involves a wide variety of subjects, but they are concerned with some problem of vital interest to the person we are trying to serve.

COUNTY VETERANS AFFAIRS OFFICERS CONFERENCE

In October, 1977, the annual conference on Income-Questionnaires was sponsored by this office for our County Veterans Affairs Officers and their staffs.

In addition to our county personnel, representatives from the major Veterans Organizations were present along with officials from the Veterans Administration Hospitals at Columbia, Charleston, and Augusta.

One of the most time consuming, seasonal functions of this Department is assisting pensioners in filing income questionnaires which are required by the Veterans Administration each year. The laws and regulations of reporting income for pension purposes are constantly changing, thus a meeting such as this is an essential part of our work.

Officials of the Veterans Administration Regional Office here in Columbia were in charge of giving instructions for the completion of Income Questionnaires.

ITINERANT SERVICES

This Agency has regular itinerant service to the Veterans Hospitals at Columbia, Charleston and Augusta in addition to itinerant service to the S.C. State Hospital where there are approximately 500 veterans and State Park which always has from 10 to 20 veterans in residence.
